FACE VALUE

DESCRIPTION

Face Value was commissioned in 2019 by Jennifer Wharton for her group *Bonegasm*. The piece is dedicated to Ralph Crispano Jr., a lover of low brass and a man who has had an impact on the lives of many artist, myself included.

NOTES

When players see "*ad lib*" written in their parts, they should feel free to embellish the part, or in some cases, make up their own similar gesture. "FF" is out of time and should be led by trombone 1, "GG" should be lead by the bass trombone. In general, quarter notes should be played to their full value. At "DD," when I say "do not subdivide" in the drum part, I mean that the drummer can push and pull the time leading into those hits, it can feel sloppy in between. There should be no silent space between the two final chords.
